

Van Hateren disk teacher: full 10,000 pixels, n=1,000

E_{gen} : DE E_{gen} : MC mean E_{acc} : leading DE E_{acc} : distributional DE* E_{acc} : MC mean
 E_{gen} : MC 10-90% trials E_{acc} : MC 10-90% trials

MC markers: arithmetic mean (100 trials); error bars: mean ± 2 SE (uncertainty of mean).

Shading: empirical 10-90% trial range, not a confidence interval. *Distributional DE: moment-matched Gaussian surrogate.
